27,000,000 SMALL DEPOSITORS SAVE $10,573,971,000

Report Made at the Bankers' Convention Develops Startling Figures.

St. Louis, Mo.—There are 27,000,000 savings bank depositors in the United States, according to figures published at the convention of the American Bankers' Association here. In compiling these figures due allowance was made for duplications. Investigation by the bankers has proved that these savings bank depositors are, with few exceptions, people of small means, but they are the people who absorbed in large measure the war issues of government securities, Thrift and War Savings Stamps, Savings Certificates and Liberty Bonds AND ARE KEEPING THEM.

Not only did they buy and hold government securities, but those investments led to additional savings, consolidated the habit of thrift and increased bank deposits throughout the entire nation. These 27,000,000 depositors now own $10,573,971,000 of savings.

This is the money which has built up the railroads, municipalities homes and industries of the nation. These savings represent over twenty-six per cent of the total resources. These savers financed the war successfully, and on their continuation of the production of new capital through savings rests the solution for financing reconstruction and for the increase of production necessary to check the high cost of living, bankers agreed.

The government savings securities and Liberty Bonds offer ideal means for the production of this new capital in the opinion of progressive bankers. They are adapted for investment of all sums no matter how great or small. They are the safest security possible. They are profitable and readily convertible into cash should necessity arise. Their purchase not only aids in financing the government, but releases correspondin; capital from the banks and financial institutions for expansion of industry and development of production.

The figures compiled by the Bankers' Association show that in the five-year period ending January 1 of this year, savings deposits in state banks increased 59.47 per cent; in mutual savings banks, 12.96 per cent; in stock savings banks, 33.04 per cent; in trust companies, 24.32 per cent, and in national banks, 118.36 per cent.

It also was announced that there were 35,000,000 policy holders in life insurance companies in the United States.

Famous Women Adopt Armenian Waifs

There are at least three happy little Armenians in this holiday season among the more than a quarter of a million pitiable little waifs who are innocent victims of Turkish barbarity. These three have found fairy godmothers in these famous American women, Mrs. Woodrow Wilson, wife of the President; Mrs. Oliver Harriman and Mrs. Carrie Chapman Catt. It is hoped that thousands of other American women will follow these distinguished leaders and signalize the glad holiday season in America by making happy in the same way thousands of other little orphans in the far-off stricken land where they now are being cared for by Near East Relief, 1 Madison Avenue, N. Y.

Relic of Old Rome.

During plowing operations in a field near the village of Bratton, Westbury, Wiltshire, Eng., the plow struck what proved to be the cover of a leaden coffin. The coffin has been examined by R. H. Carrington, the curator of the Wilts Archeological museum, who states that the coffin, without doubt, belongs to the period of the Roman occupation, says the London Times. The place where it was found is about a mile from the site of a large Romano-British village. The coffin is 6 feet 8 inches in length; its width varies from 1 foot 6 inches to 1 foot 4 inches and its depth is 1 foot 7 inches. Large iron nails 4½ inches long indicate that when interred it had a wooden outer covering, but that has perished, as have the bones interred, except the leg bones, the pelvis and the lower jaw; there is no trace of the skull. Two pieces of lead form the bottom of the coffin, but the cover is one piece.

WOMEN WAR WORKERS, EAGER TO SERVE, GO TO AID ARMENIANS

Mary Vail Andrees, Only Woman to Receive Distinguished Service Medal, Heads Party.

Dissatisfied with uneventful civilian life, after two years' vivid experience as workers abroad in the world war, a party of young women, led by Miss Mary Vail Andrees, of New York City, have just gone to the Near East,

MISS MARY VAIL ANDREES,
Distinguished Service Heroine Who Now Goes to Near East.

where nearly a million people are suffering from disease and starvation.

Miss Andrees had returned to this country after serving for the Red Cross, but when she read of the sad plight of the Armenians, she at once offered her services to Near East Relief, the former American Committee on Armenian and Syrian Relief, which already has saved thousands of lives in Western Asia. Miss Andrees is the only American woman war worker who was awarded the Distinguished Service Medal by Congress. Most of the other members of her party likewise served with honor for the Red Cross and other war service organizations.

Among the other members of the group are the Misses Frances and Betty Anderson of New Canaan, Coun., who were decorated with the Croix de Guerre by the French Government; Miss Margaret Milne of Washington, D. C., who was a member of the Hoover Relief Commission for Rumania, and Miss Alex Sidney, an English woman who served for three years with the British Relief Commission in Serbia. Miss Doris Nevin, another member of the party, is a daughter of the late Ethelbert Nevin, the composer.

Col. William N. Haskell, commissioner to the Near East for the Paris Peace Commission and official representative of the Near East Relief, has cabled that the relief workers now in the field are overwhelmed by the magnitude of their task. Col. Haskell says 800,000 Armenians will starve before the next harvest unless they are given aid and 120,000 orphan children face death from hunger and exposure.

Thousands of refugees are daily being brought to the relief centers from the deserts.

The Wonders of America

By T. T. MAXEY

THE MISSOURI BOTANICAL GARDEN.

IN 1849 Henry Shaw, a citizen of St. Louis, a lover of nature and of flowers in particular, built a large country residence near the city limits. He surrounded it with flowers and plants of every known variety. When he died in 1899, his will provided for a board of trustees to manage the garden and left sufficient funds to support it. This wonderful floral park, said to be the largest in the world, was thus preserved for the education, admiration and enjoyment of all.

It contains a collection embracing 150 species of palms; a varied collection of tropical and sub-tropical plants; a collection of the 35 known species of cycads; a wonderful assortment of plants which grow best under desert conditions; numerous species of ferns and allied plants; a great array of plants of great economic value and displays of plants that feed on insects; species of the pineapple and its relatives; numerous showy, flowering plants, while in the private orchid house a representative of each of the 800 species of this beautiful flower is to be found.

The out-door collection includes a water garden, several hundred varieties of roses, numerous species of herblike plants, a rare pansy display, a variety of economic plants and trees and shrubs, native to North America and grouped in families. All told, about eleven thousand species of plants are growing in this garden. The body of Mr. Shaw reposes in a handsome mausoleum within the grounds.

DEATH RATE DROPS WHEN RELIEF ARRIVES

Lives of thousands of Armenian children already have been saved by the Near East Relief taking over the Armenian orphanages, according to detailed reports, which have just reached the headquarters of that organization. These institutions had been run by the Armenians since the beginning of the war to care for the children whose parents had been murdered by the Turks. Because of lack of food, clothing and medicine, the death rate among the children in these institutions averaged as high as twenty or thirty a day in some cases.

When Armenian funds became inadequate the Near East Relief took charge of the orphanage. Since that time the death rate has been greatly reduced. Given good food and care the children are quickly returning to normal physical and mental condition.

It is estimated by persons who have made a survey of Armenia that 120,000 children will die during the next year unless they are given food and care. Near East Relief is the only organization now operating in Western Asia and it is making an appeal to save these Christian children.

An American $2 Bill Did This

BEFORE.

Motherless, fatherless, homeless, friendless, hungry and clad only in rags, the pathetic little three-year-old shown at the left wandered into a Near East Relief orphanage in Armenia. Another photograph of the same child, shown at the right, was taken a week later, this time showing him happy, well clothed, and well fed.

Somewhere in America is the happy man or woman who contributed the $2 bill which wrought this miracle. More than a quarter million other helpless little victims of Turkish cruelty and oppression are knocking at the doors of the Near East Relief orphanages in Western Asia. Many more American $2 bills are needed now to let them in and to care for them until they can care for themselves.

AFTER.

ORDINANCE NO. 29

AN ORDINANCE REGULATING THE DIGGING, TEARING UP OR DISTURBING THE SURFACE OF ANY STREET, CURB, GUTTER OR SIDEWALK IN THE CITY OF CARMEL-BY-THE-SEA, AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF.

The Board of Trustees of the City of Carmel-by-the-Sea do ordain as follows:

Section 1. It shall be unlawful for any person, firm or corporation to dig, tear up or disturb the surface of any street, curb, gutter or sidewalk in the City of Carmel-by-the-Sea, for the purpose of making connections with sewer, water or gas mains, or for any other purpose, without first having obtained permission in writing, said permission to be granted as hereinafter provided for.

Section 2. Any person, firm or corporation desiring to dig up or tear up or disturb the surface of any street, curb, gutter or sidewalk in said City shall make written application to the Superintendent of Streets for permission so to do, describing the work desired to be done, the place, character and object of the same.

Section 3. The Superintendent of Streets may grant or deny such application as to him may seem advisable, provided, however, that in the event the Superintendent of Streets denies such application, applicant may appeal to the Board of Trustees of the said City, and their action upon such application shall be final. If such application be granted, the person, firm or corporation to whom such permission has been granted, shall deposit with the City Clerk the sum of fifty dollars ($50), and an amount sufficient to defray the expense of an inspector (to be appointed by the Superintendent of Streets) during the progress of such work, which last amount shall be estimated by the Superintendent of Streets, and which said sum shall also be deposited with the City Clerk before such permit becomes operative. Upon such deposit being made the City Clerk shall issue to the party to whom such permission has been granted a certificate stating that the requisite security has been deposited. Upon such presentation of such certificate, to the Superintendent of Streets the party having received such permission shall be authorized to proceed with the improvements set out in his permit.

Section 4. All work done under the permit mentioned in Section one hereof, shall be done under the supervision of the Superintendent of Streets and the surface of all streets or sidewalks disturbed during the progress of such work, shall be restored to its former condition, both as to material and workmanship, and so maintained for one year.

Section 5. Any person, firm or corporation so electing, in place and stead of making the deposit provided for in section three of this Ordinance, may file with the City Clerk of the City of Carmel-by-the-Sea, a bond in the sum of Five Hundred Dollars ($500), signed by such person, firm or corporation, and two good and sufficient sureties worth double the penal sum of such bond over and above all liabilities and statutory exemptions in property situate within the State of California, and which bond shall be approved by the Board of Trustees of the City of Carmel-by-the-Sea, conditioned that such person, firm or corporation will, upon demand by the City Clerk, pay the amount certified by the Superintendent of Streets as "inspectors' fees" and that he or it will do and will maintain, for the period of one year after the completion thereof, the work by him or it to be performed under the permit or permits to him or it granted, in the manner and up to grade in all respects as provided in Sections four and five of this Ordinance and that in event of he or it not so doing within ten days after notice or demand by the City Clerk, as aforesaid, that the said bond and the whole sum thereof shall be forfeited to the City of Carmel-By-The-Sea. Such bond shall be in lieu of all cash deposits that would be required under Sections 1, 2, and 3 of this Ordinance, were such bond not filed with the City Clerk, for any work permitted (while such bond is in force) under this Ordinance and shall remain in force for a period of one year after its execution.

Section 6. The money deposited with the City Clerk, as provided for in Section three, shall be used in manner following:

Upon the completion of the work the Superintendent of Streets shall certify to the number of days the inspector shall have been employed thereon. The clerk shall thereupon deposit with the City Treasurer a sum sufficient to pay the salary of the inspector, as shown by the certificate of the Superintendent of Streets, fifty dollars ($50) of the remainder of the money remaining in the hands of the City Clerk shall be by him retained for a period of one year after the completion of the said work as a guarantee that the work, performed in such improvement, shall remain in good condition and up to grade during such period. If such work shall not so remain in good condition and up to grade during such period. If such work shall not so remain in good condition and up to grade, and the person having caused such work to be done, shall upon notice, fail to restore the same, to good condition and grade, the Superintendent of Streets shall cause such restoration to be made and certify the expense thereof to the Clerk, who shall deposit the amount as certified to him by the Superintendent of Streets, in the City Treasury. The remainder of the fifty dollars ($50) shall, after the expiration of the said year, be returned by the Clerk to the party making such deposit.

Section 7. If the expense of the inspection shall be less than the amount estimated by the Superintendent of Streets and deposited with the City Clerk, for the purpose of defraying expenses, the over plus thereof shall be paid, upon completion and acceptance of the work, to the depositor.

Section 8. It is expressly provided, however, that any person, firm or corporation having water, gas or other mains laid in any of the streets, avenues, places, lanes, courts, squares, parks or other public places in the City of Carmel-By-The-Sea, and shall have filed with the City Clerk of the said City a bond in the sum of two hundred and fifty dollars ($250), signed by such person, firm or corporation and two good and sufficient sureties which bond shall have been approved by the Board of Trustees of said City of Carmel-By-The-Sea, conditioned that such person, firm or corporation will pay the cost of inspectors during the progress of said work, and will restore the surfaces of the street or sidewalk by him or it disturbed in the work, and will restore such surfaces to the same condition as before such work, as to material, workmanship and grade and will in all such respects so maintain the work for a period of one year after it shall have been completed, shall be permitted, in case of breaks, leaks or other accident calling for immediate repair, to dig or tear up so much of any street or sidewalk as may be necessary to enable it to make such repairs as may be needed without awaiting the issuance of the permit mentioned in Section two of this ordinance; provided, however, that such person, firm or corporation shall immediately notify the Superintendent of Streets upon discovery of such break or leak and his or its intention to repair the same.

Section 9. Any person found guilty of violating any of the provisions of this ordinance shall be deemed guilty of misdemeanor, and upon conviction thereof, shall be fined in a sum of not less than twenty-five dollars ($25), nor more than three hundred dollars ($300), or by imprisonment not exceeding three (3) months, or by both such fine and imprisonment.

Section 10. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 11. This ordinance shall take effect and be in force thirty (30) days from and after its passage and approval.

The Board of Trustees of the City of Carmel-by-the-Sea do ordain as follows:

Section 1. It shall be unlawful for any corporation, or person, their lessees, trustee or trustees appointed by any Court whatsoever, to operate any automobile, jitney bus, auto truck, stage or auto stage for the transportation of persons or property as a common carrier for compensation on any public street or highway of the City of Carmel-by-the-Sea between any fixed termini, whether said termini be in said City of Carmel-by-the-Sea or not, unless such corporation, person, their lessees, trustee or trustees appointed by any Court, shall first furnish a bond executed by a solvent and responsible Surety Company authorized to do business in the State of California in the sum of Ten Thousand Dollars ($10,000.00) conditioned that such common carrier therein named shall pay all loss or damage that may result to any person or property from the negligent operation of any vehicle operated by the principal named in said bond or defective construction of such vehicle or both, or which may arise or result from the violation of any of the ordinances of the City of Carmel-by-the-Sea, or the laws of the State of California. The recovery upon said bond shall be limited to Five Thousand Dollars ($5,000.00) for the injury or death of one person, and to the sum of Ten Thousand Dollars ($10,000,00) for the injury or death of two or more persons in the same accident, and to the extent of One Thousand Dollars ($1,000.00) for the injury or destruction of property. Such bond shall contain a provision that there is a continuing liability notwithstanding any recovery thereon. Fraternal Order Buys War Stamps to Check Waste and High Prices

Washington—The Fraternal Order of Eagles, in convention at New Haven, Conn., has pledged itself to the purchase of $5,000,000 in War Savings Stamps. This action was taken as a means for the checking of national waste and extravagance and for the reduction of the high cost of living. News of the steps taken by the order was received today by William Mather Lewis, Director of the Savings Division of the Treasury Department.

After adopting resolutions endorsing the government thrift campaign as a movement for developing a national habit of saving and approving consistent investment in government savings securities, the Grand Aerie subscribed for $2,500,000 in War Savings Stamps for distribution among members of the order.

Assurances were received from subordinate Aeries that they would subscribe for an equal amount for the same purpose.

Mr. Lewis immediately transmitted a message to the officers of the order expressing the tremendous appreciation of the Savings Division of their action in promoting the thrift movement.

Boosts and Knocks

By Observer

Wonder why some wide-awake moving picture corporation does not get wise to the advantages of a permanent studio in Carmel?

There were nine customers in Slevin's store at one time on an afternoon last week. Business must be good. Might have been ninety if Ocean Avenue was fixed up, eh, Louis?

Gee! I wish the Godwin brothers would give another dance at the La Playa. Some class to a four-piece orchestra in this town. And besides, we don't often get cider and punch like those boys dished up.

Someone asked me if I considered it a sin to get rich. I paid 15 cents for a cauliflour the other day; it was the size of a walnut. With the high price of everything, getting rich is no sin—it's an impossibility.

The Trustees displayed some spirit at their last meeting when they over-ruled all protests and decided to improve the streets, despite petitions 'n everything. That's the kind of spirit the revenue officers don't object to.

Read in a paper the other day where the sun had failed to shine in Yuma, Arizona, for the first time in 45 years. This tickles my sense of "yuma," 'cause who could live in that town for 45 years to verify the fact. Forty-five minutes was my limit.

The Methodist Church is desirous of augmenting its choir. Miss Alice Gale has interested herself in the matter, and has persuaded several young men to "try out." Looks as if the young men were making a harbor of the church on account of the gale.

Guess most everybody in Carmel saw Kolb and Dill in "Wet and Dry" at Monterey. I suppose it was mostly wet after the show, as the comedians could not have chosen a better place to get a shot. Dill would have no trouble getting "pickled" in that burg. They tell me the hard cider has the kick of a mule.

The fact that three men are frequently seen talking together on the streets of Carmel is not considered material for a moving picture plot. But when these three happen to be Hopper, Hilliard and Bechdolt, it's ten to one they are plotting to give Carmel the best shows ever at the Forest Theatre this season. They constitute the Play Committee.

They Earned Their Outing

Guests at La Playa during the week include Miss Chrissie Taft, Chairman of the Defender's Club of Oakland; Miss Harriet Morgan, Vice-President; Miss Effie Kroll and Miss Elsie Marwedel, Hostess Committee, and Miss Pulani Jones, Business Representative of the Oakland War Camp Community Service.

The ladies have been engaged in war activities since the beginning of hostilities. 400,000 of Uncle Sam's fighting men have been provided with recreation, employment, food, barracks, medical and financal aid through the agencies with which they have been connected. The work has now been closed.
